WALKING YOUR DOG OFF-LEASH

Dogs have the opportunity to run free in Riverside Park in the early morning until 9:00. The Dog House NYC considers this a fantastic chance for dogs to blow off steam and chase and track to their heart's content. Even so, we do not walk any dog off-leash until, in our judgment, it can be trusted to come. To make this judgment, we take into account the breed, the temperament, the age and the status of our bonding process. There is, however, always a risk. *Please check one of the following.*

____ Never walk my dog off-leash.
____ Walk my dog off-leash anytime.

____ Only walk my dog off-leash after careful judgment
____ Only walk my dog off-leash after consultation with me.
